

White Paper for Divided Party (DiP) Brand Tokens

Background

Divided Party (DiP) is a new political party in South Africa, registered during 2019 at the Independent Electoral Commission.

In order to raise capital for DiP, 48% of the brand value of DiP, is monetized with a new ERC20 Ethereum brand token.

The token shall be listed on Ipparts Exchange (IPPAEX).

Token Attributes

Token Name: Divided Party

Ticker Symbol: DiP

Contract Address: 0xA27BE88ad1dcE22609a4a7f4C395F861bbaBEaE2

Number of Tokens: 48'000'000

Decimals: 8

Number of Ipparts: 4'800'000'000'000'000 (4.8 quadrillion)

Terms and First Issue

The first issue of tokens will take place until R20'000'000 (ZAR) value will have been raised. The number of tokens issued when R20'000'000 will have been raised, shall be 48% of the brand value of Divided Party. The issue prices will rise as time goes on, as far as possible, in order to favour earlier donators.

Tokens in Trust

Tokens not issued, will be held in Trust at IPPAEX, for future issues, to raise funds for Divided Party.

Marquard Dirk Pienaar

On behalf of Divided Party and IPPAEX
